## SUMMONS.

IN THE DISTRICT COURT OF THE STATE of Nevada, in and for the county of Washoe. The State of Nevada sends to Paul W. White, a summons to appear in an action commenced against you as defendant, by Mary Elizabeth Willott, as plaintiff, in the District Court of the State of Nevada, in and for the county of Washoe, and answer the complaint therein within ten days after the service on you of this summons, (exclusive of the day of service), if served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days, or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover a divorce from the bonds of matrimony existing between you and plaintiff, and for the custody of your and her minor children, viz: Albert P., aged 13; Mary T., 10; Robert, 9; Ann, 7, and George 3 years; on grounds alleged of your willful desertion of her one year; of your habitual gross drunkenness contracted since marriage with her, incapacitating you from contributing your share to the support of her and your family, extreme cruelty on your part to her, and your neglect to provide the common necessities for her and your family, where such neglect was not the result of poverty on your part which you could not have avoided by ordinary industry, for one year and more; that you are harsh and of evil manners and example to your children, unfit to have custody of your children, and she is fit and proper to be their custodian, that you and she were married the 15th day of March, 1874, and that she has resided six months and more before the commencement of this suit in Washoe county, State of Nevada, and with which Nevada County she appears in the complaint which is on file in the office of the Clerk of said Court at Reno, in said county, and to which you are especially referred. And you are further notified, that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I have hereunto set my hand this 6th day of July, 1888.

THOS. E. HAYDON,

Plaintiff's Attorney.

FOR PRESIDENT,  
**BENJAMIN HARRISON**  
OF INDIANA.

FOR VICE-PRESIDENT  
**LEVI P. MORTON,**  
OF NEW YORK.

**NO BACKSLIDING.**  
Republican Senators in Caucus De-  
cided to Push the Tariff Bill.

WASHINGTON, August 15th.—The Re-  
publican Senators held a caucus to-night  
at the residence of Senator Chandler,  
that was of the greatest importance. It  
has been reported for several days past  
that the Republicans were unable to  
agree upon a substitute for the Mills  
bill, and that the outcome of the agita-  
tion would be that no effort would be  
made by the majority of the Senate to  
pass the bill that the sub-committee of  
the Senate Finance Committee has been  
at work upon for the past two months.

The caucus to-night showed that there  
was opposition to the Finance Commit-  
tee bill from certain quarters, but not-  
withstanding transpired to indicate that a final  
and harmonious agreement would not  
be finally reached. On the contrary it  
was understood that a bill would be pre-  
sented which every Republican Senator  
could support.

Senator Jones, of Nevada, in a speech  
delivered just before the adjournment of  
the caucus, told his hearers that if any  
of them were willing to abandon the  
principle of protection to American in-  
dustries they had better go straight-  
forward into the Democratic party, and  
his speech was greeted with enthusiastic  
applause.

The caucus decided that before ad-  
journing the Senate should take ac-  
tion upon the labor bills, pension legis-  
lation, appropriation bill, Chinese legis-  
lation and the land grant forfeiture  
bills.

Another caucus will be held within a  
few days to determine the exact order  
of business. It is believed that the tar-  
iff bill will be reported to the Senate  
next week.

## EDISON'S PHONOGRAPH.

### The Way Its Inventor Entertained a Dinner Party in England.

LONDON, August 14.—Colonel Gour-  
rand gave Thomas A. Edison a recep-  
tion at his villa, Little Menlo, Upper  
Norwood, this afternoon, which was at-  
tended by a number of ladies and gen-  
tlemen. After dinner, which lasted  
from 3 to 8 o'clock, Edison made a  
speech. He referred to the visit he  
made eighteen years ago to England,  
poked fun at the climate and other  
things English and recited "Bingen on  
the Rhine," whistled a number of airs,  
"The Funeral March," "Mary Had a  
Little Lamb," told funny stories and  
made an interesting entertainment. At  
the same time he was 3,000 miles away  
and only his voice was present.

The death of Charles Crocker, at  
Monterey, may hasten the return to this  
country of Senator Stanford, who is in  
Europe in search of health. These two  
railroad magnates were warm personal  
friends, apart from the business ties  
that bound them. Mr. Crocker suffered  
from diabetes, and it is somewhat singu-  
lar that Senator Stanford imagines that  
he is afflicted with the same complaint.  
Consequently each of these gentlemen  
took the liveliest interest in the health  
of the other. If Mr. Crocker was in  
good health, Senator Stanford felt buoy-  
ant and happy, and if Mr. Crocker  
suffered, Senator Stanford was cor-  
respondingly depressed. Cable mes-  
sages informed Senator Stanford fre-  
quently of Mr. Crocker's condition.

The first crop report ever published  
in Colorado reveals a flattering state of  
affairs in the agricultural districts of the  
State. Fully 1,600,000 acres are planted  
in twenty-nine crop-growing counties.  
The great forage plant, alfalfa, is the  
leading crop, as is represented by 250,  
000 acres.

Hon. Hannibal Hamlin says he "feels  
it in his bones that we are going to  
win." Ex-Vice President Hamlin is a  
noble old Roman of the Republican  
stamp, and those who know him well are  
very well aware that his "bones" are  
very sensitive to the political temper-  
ature.

The Democrats are shocked and dis-  
gusted at the vigorous health which Mr.  
Blaine has brought back with him from  
Europe.

## ILLINOIS IS ALL RIGHT.

Reports from All Parts of the State  
Indicating a Majority for Harri-  
son Next November of 30,000.

WASHINGTON, D. C., Aug. 12.—Let-  
ters received by Senator Cullom, Rep-  
resentative Cannon, and other Illinois  
Republicans gave a most cheerful view  
of the political situation in that State.  
All the members of Congress say there  
never was a time when the Republicans  
of Illinois seemed so earnest in their  
work. Gains are reported in many  
Democratic strongholds, and in one city  
a novel club is to be organized in a  
short time. It will change the order of  
things considerably. Many clubs have  
already been organized, composed of  
old line Whigs who voted for Harrison  
in 1840, but the new one is to be com-  
posed of Democrats who voted for Polk  
in 1844, but who will vote for Harrison  
in 1888. Such a club will prove a novel  
political organization. The news re-  
ceived from the Peoria, Rock Island,  
and Belleville districts is most encour-  
aging. It does not appear that Judge  
Gest will have any trouble whatever in  
the Rock Island district, where Bill  
Neece has already been defeated for the  
Democratic nomination. Gen. Post's  
re-election from the Peoria district  
seems more than a certainty. Three  
weeks ago a Democrat in Peoria wrote  
to a Washington friend that Post's ma-  
jority would be 600. Last week he wrote  
that it would be 1,200, and possibly  
more. The Peoria distillers seem to be  
against Mills' free whisky bill, and will  
show their opposition by defeating Nick  
Worthington and re-electing Gen. Post.  
Reports from the Belleville district  
indicate that the Democratic defections  
of 1886, which swept Morrison from  
power, will continue this year, and  
again result in John Baker's election.  
And so it seems to be in all parts of the  
State.

The only Republican defections of  
any consequence are those of Owen  
Lovejoy and ex-Senator Whiting, Bur-  
eau county, but these gentlemen do not  
appear to have taken many Republicans  
with them, and there will be no appre-  
ciable change of the vote in Gen. Hen-  
derson's Congressional district.

With such reports coming daily from  
all parts of the State in private com-  
munications, which can always be relied  
upon, the Illinois Republicans are at a  
loss to know what the Democrats  
base their absurd claim that Gen. Pal-  
mer can be elected Governor. The im-  
pressions here seem to be that Palmer  
will not prove as strong as Cleveland in  
Illinois, and no one estimates the Re-  
publican majority on the Presidential  
ticket at less than 30,000. The claim  
that Gen. Palmer has any chance of  
election is regarded as a big bluff, made  
solely with the hope that the attention  
of Republican managers may be attract-  
ed toward Illinois while the Democrats  
are setting up the pins in New York  
and Indiana. It is the kind of a bluff  
game that won't deceive any one and  
the Republicans will go on with the  
campaign work just as though it hadn't  
been made.

## SENATOR PLUMB CONFIDENT.

### He is Convinced the People Are Tired of Cleveland.

NEW YORK, Aug. 14.—Senator Plumb,  
of Kansas, passed through the city to-  
day, after having spent Sunday with  
his family, who are Summering at Lake  
Hopatcong, N. J. He said every indi-  
cation throughout the West generally,  
so far as he could see and hear, was  
favorable for Republican success.  
There were excellent reports from all  
States, and the prospect was that they  
would go fully as strong if not stronger  
than four years ago. He added: "The  
dominant feeling among the people is  
that they have had enough of Cleveland  
and the Democratic party."

The Senator said he found the feel-  
ing here in New York State and in New  
Jersey better for Republican success  
than for many years previous. He  
found Republicans were more confident  
than four years ago. There was gen-  
eral congratulation among them over  
the fact that the party is united and  
able to carry on an aggressive campaign.  
If the election should occur to-day, he  
had no doubt of the election of Harri-  
son and Morton.

## The Country's Income and Outgo.

The income of the Government for  
July was over \$1,000,000 for every 24  
hours. The total was \$31,204,898, an  
increase of \$390,000 over the same  
month last year. Despite this large  
total, it was insufficient to meet the  
demands upon the Government, which  
amounted to over \$36,000,000, for the  
following purposes:

Ordinary expenses.....	\$12,650,899
Pensions.....	14,553,877
Interests.....	8,778,988
Premium.....	157,688
Total.....	\$36,141,452

This amount is nearly \$5,000,000 in  
excess of the income. Fortunately there  
was a surplus to draw upon to meet the  
deficiency. The monthly income is not  
always sufficient to meet the demands  
of creditors. The disbursements last  
month were \$1,000,000 in excess of the  
same month last year. The quarterly  
interest on the 4 per cent. bonds was  
the chief item under that head. The  
amount for pensions was over \$3,000,  
000 larger than in July, 1887.

## "A CAMPAIGN LIE."

The Republicans Have No Idea of  
Abandoning Their Tariff Bill.

WASHINGTON, August 15th.—There  
was no little indignation expressed to-  
day by the Senators having charge of the  
preparation of the tariff bill, at the  
double-leaded statement in a New York  
daily to the effect that it had been de-  
cided to abandon the tariff bill on ac-  
count of the expressed wish of Mr.  
Blaine.

Senator Hisecock said to your corre-  
spondent: "There is not the slightest  
foundation for the story, other than may  
exist in the brain of the correspondent  
who wrote it. You may State, as com-  
ing from me, that the tariff bill will  
be introduced, will be debated and will  
be passed—that is, by the Senate, for  
of course I know nothing about what the  
House may do. From time to time  
stories have been printed about there  
being some doubt as to whether a tariff  
bill would or would not be introduced,  
and are quite annoying. There never  
has been any doubt about what would  
be done. A Republican caucus was  
held at the residence of Mr. Everts, and  
its decision was final. The progress of  
the bill has been very slow—indeed,  
much slower than any of those who have  
undertaken to formulate the bill antici-  
pated, but I can say that, as far as we  
have gone, we are well pleased."

Senator Jones, of Nevada, who was  
setting on the other side of the table,  
said: "The bill is almost completed  
now, and it is not fair to presume that  
we are going to abandon that which has  
cost us so much labor. Most certainly  
not. In the next place, I don't believe  
Mr. Blaine would presume to give his  
opinion about a matter with which he  
had nothing whatever to do, and which  
would unquestionably lay him open to  
criticism. The gentlemen having the  
preparation of this bill in hand are fully  
able to handle the matter without any  
aid from the Democratic press or other  
Republicans."

## A HIGH TRIBUTE TO HARRI- SON.

One of His College Classmates Will  
Go to Indiana and Take the  
Stump for Him.

PITTSBURG, Pa., Aug. 12.—The Rev.  
J. P. E. Kamlar of this city knows  
Gen. Harrison well. Speaking of their  
acquaintance to-day he said:

Gen. Harrison is a splendid man,  
the brainiest man in Indiana to-day.  
Some people say he is cold and distant,  
but it is a mistake. When you get  
close to him he is a warm-hearted,  
Christian man. There is one thing he  
will not do—he will not throw mud.  
He will have nothing to do with that  
element in politics. Another reason  
why I know Gen. Harrison so well is  
that we were classmates together at the  
university. He was the leader of his  
class in college, and always stood high  
up in the affection and admiration of  
his fellow-students. Let me illustrate  
this point. There came to the college  
town a young man who was an infidel.  
He lectured on "skepticism," or some  
kindred subject, and at the close dared  
any one to refute his arguments. In  
an instant a dozen young fellows were  
on their feet, yelling, "Harrison, Harri-  
son, get up, Harrison." Benjamin Har-  
rison did get up, and in about twenty  
minutes he completely shattered the  
infidel's arguments. Gen. Harrison is  
always a chivalrous man. At college  
he was always ready to take the part  
of the weak against the strong. He  
made no attempt to disguise his hostility  
to slavery, and never let an opportunity  
pass to help along a colored brother.

The Rev. Mr. Kamlar was for a long  
time Gen. Harrison's pastor at Indian-  
apolis, and he will go to Indiana and  
take the stump for him. He is an able  
man and a brilliant orator.

## GOOD LEGISLATION.

This is from the Carson Tribune:  
It is very pleasing to realize that the  
people of Nevada have awakened to the  
fact that to promote the best interests  
of the State, it is necessary to elect men  
and not tools to the Legislature of 1889.  
Much, very much has to be done to  
make the Silver State what nature de-  
signed it to be and what it must become,  
unless its worst enemies, the millionaire  
mine controllers, are permitted to rule  
its legislation, which has heretofore  
been the case.

A visit of a few hours to Storey  
city will convince the searcher for  
political news, that a new era is dawning  
among the Comstockers; they find  
themselves in a bad financial condition,  
owing to the necessary discharge of  
miners consequent on the closing of the  
quartz mills on the Carson river, by the  
failure of water supply, and now the  
all important question is how to has-  
band water. The irrigation scheme,  
first started by the Tribune, is now the  
great question, not only in farming dis-  
tricts but at the great mining center,  
the Comstock, and a determination pre-  
vails to elect no man to the next Legis-  
lature who is not posted on such mat-  
ters, and who cannot be depended on to  
make the question a sine qua non.

We find also a determination existing  
to reduce the governmental expenses,  
that is to say the salaries of State  
officials, or in other words, to do away  
with sinecure positions, the expenses  
of which cost the State so much, and to  
utilize the State money in advancing  
that all important irrigation movement.  
All seem to recognize that an oppor-  
tunity occurs to benefit the State by  
the election of competent Legislators,  
and the motto of the Comstockers will  
be, "no useless wire puller need apply."

Allen G. Thurman has telegraphed to  
the editor of the New York Star to the  
effect that he would make a speech in  
New York City during the campaign,  
but the exact date he could not give.

## OUR MINERAL RESOURCES.

They Are Over \$500,000,000 in 1887.

We are indebted to David T. Day,  
Chief of Division of Mining Statistics  
and Technology, for advanced sheets of  
his report for the calendar year of 1887.  
Special preliminary statements covering  
gold, silver, copper, coal and iron  
have already been made public. The  
value of these and all other mineral re-  
sources of the country for 1887 are given  
at \$538,056,345, as follows:

Metals.....	\$253,419,883
Mineral substances other than met- als.....	281,637,082
Unspecified articles.....	6,000,000
Total.....	\$539,056,965

The quantity and value of the leading  
metals will be found annexed:

Quantity.	Value.
Fig iron, long tons.....	\$121,901,800
Silver, coinable value, oz.....	53,441,300
Gold, coinable value, oz.....	83,100,000
Copper, lbs.....	21,082,440
Lead, short tons.....	14,463,000
Zinc, short tons.....	4,792,800
Quicksilver, barrels.....	1,420,000
Nickel, aluminum, an- timony.....	225,443
Total.....	\$250,419,243

All but 65 flasks of the quicksilver  
was produced in California, as well as  
nearly one-half of the gold and all the  
antimony (valued at \$15,500).  
The non-metallic mineral products of  
the country for the same year embrace  
the following quantities and values.

Quantity.	Value.
Coal, long tons.....	\$116,004,901
Building stone.....	25,000,000
Lime, bbls.....	46,760,000
Petroleum, bbls.....	28,349,648
Natural gas.....	13, 82,600
Cement, bbls.....	6,032,744
Salt, bbls.....	5,186,877
Limestone, long tons.....	7,831,062
Phosphate long tons.....	6,377,000
Zinc-white, short tons.....	489,558
Mineral waters, gallons sold.....	8,209,600
Borax, lbs.....	11,000,000
Twenty-three other arti- cles.....	1,261,473
Total.....	\$281,637,082

Unspecified, estimated value.....  
6,000,000

Total non-mineral.....  
Value of minerals.....  
Total.....

This is the largest total ever reported.

It is nearly \$73,000,000 in excess of the  
previous year, and upwards of \$100,-  
000,000 in excess of 1885. This im-  
mense addition to the wealth of the  
country from mineral resources alone in  
a single year is apt to impress one with  
the magnitude of our estate.

The Minnesota Democratic Conven-  
tion is at least honest. It urges the  
adoption of the Mills bill as the first  
step toward free trade. How does that  
suit those Democrats who are hedging  
on the tariff issue.

SLAUGHTER IN DRY GOODS.—Slaughter  
in dry goods and carpets has been com-  
menced by Emrich of the Nevada Cash  
Store. He is selling 20 yards of calico  
for \$1; 25 yards of lawn for \$1; 16 yards  
of pique for \$1; 12 yards of serim for  
1; white embroidery from 3 cents per  
yard; colored embroidery from 2 cents  
per yard; ladies' silk mitts 25 cents per  
pair; ladies' silk gloves 25 cents per  
pair; three-ply carpets 85 cents per  
yard; all wool three-ply carpets 90 cents  
per yard; tapestry Brussels 65 cents per  
yard; tapestry roxbury 80 cents per  
yard, and others in comparison; dress  
goods will be sold for less than their  
cost price. This is an opportunity for  
purchasing dry goods and carpets that  
is seldom offered. Do not delay to take  
advantage of it as this offer will last but  
a short time.

The time for making entries for the Susanville Fair races expired on the 14th. The Board of Directors are to hold a meeting Saturday (to-day) the 18th inst., and if it is there found that all the races have not been filled, we presume the time for entries may be extended by the Board.

He has also been informed that a contract has been awarded for service twice a week between Pioche, Lincoln county, and Taylor, White Pine county, to begin September 1, 1894.

## M. E. CONFERENCE.

### Proceedings of the Meeting Yesterday.

The twenty-fourth annual session of the Nevada Mission of the M. E. Church was opened at the Methodist Church at this place yesterday morning, Bishop Thomas Bowman presiding. The sacrament of the Lord's Supper was the first exercise.

The roll-call followed; the names of two members were reported absent, one most favorably known, Rev. W. Nimms, was reported very sick, the other, Rev. O. L. Barstow, had died.

The officers were duly nominated and elected, and are as follows: Rev. E. McEvers, Secretary; Rev. C. H. Gardner, Assistant Statistical Secretary; Rev. J. A. Bready and Prof. C. L. Logan, Conference Treasurer; U. E. Sisson, Conference Reporter.

## A MODEL SCHOOL.

The Latest Adjunct to the State University.

At the meeting of the Regents of the University held on the 15th inst., it was decided to organize the Model School to be connected with the Normal Department as provided by the State law of 1887. The call for pupils to be enrolled in the Model School, published elsewhere in the JOURNAL, will no doubt meet with a prompt response. The Regents propose that no pains shall be spared to make this school first class in every particular. The pupils will occupy one of the excellent rooms in the University building. This room will be furnished with everything necessary for the comfort and progress of the children. The school will have the personal supervision of President Brown, and will be under the charge of one of the best teachers in the United States. The object of the Model School will be to afford opportunity to the members of the Normal Department to observe the best methods of instruction. At the same time nothing will be omitted from the education of the children which is essential to their advancement in their studies.

With the splendid advantages offered at home to the young men and women of Nevada, who desire to qualify themselves for the noble occupation of teaching, there is certainly no occasion now for them to go abroad for their education.

**DEATH OF MRS. R. LEEPER.**—R. O. Leeper yesterday morning received a telegram from Hailey, Idaho, conveying the sad intelligence of the death of his mother, Mrs. R. Leeper, at 3 o'clock that morning. Her death must have been very sudden, as Mr. Leeper received a letter from her last week, and at that time she was enjoying good health. The deceased had many warm friends in this community, where she resided for many years, who will be pained to hear of her death.

**ALTA ELECTION.**—At the annual meeting of the Alta Mining Company, held Thursday afternoon, 103,000 shares were represented out of the 108,000 shares of the capital stock. The following Board of Trustees were elected to serve for the ensuing year: R. W. Graves, Monroe Thompson, Thomas Fitzsimmons, W. S. Woods and S. O. Whitney, vice Wm. H. Watson, retired. Bullion returns are yet to be made.

**WON'T TAKE THE OATH.**—Reports from various parts of the country are to the effect that citizens will not take the Anti-Mormon oath so-called. Men who are known to have no sympathy with Mormonism, say the oath is an infringement upon the liberty of conscience guaranteed by the Constitution of the United States to every American citizen. Until the law is declared unconstitutional they must take the oath, or lose their vote.

**FOR HARRISON AND MORTON.**—S. T. Kelson, of Teles Marsh, Esmeralda county, a prominent Democrat, writes to W. G. Phipps, of Virginia City, that he is going to vote for Harrison and Morton, in the firm belief that Grover Cleveland is the most powerful enemy silver has to contend against in the United States, and that protection is the true policy to follow in America.

**ADMITTED TO BAIL.**—E. G. Gallagher, the carpenter who "chiseled" E. A. Travers, also a carpenter, at the new Fair grounds Wednesday afternoon, had a preliminary examination before Justice Young yesterday morning, and was admitted to bail in the sum of \$500. His victim is resting easy, and no fears are now entertained by his physician of a fatal result.

## Woman's Relief.

"Earth has no sorrow that heaven cannot heal," whether arising from physical, mental or moral sources. The promises and consolations of the gospel furnish abundant remedies for all spiritual or mental woes, and the Creator has stored, in the kingdom of Nature, remedies for every physical ailment. For ages these remedies were allowed to be dormant, through the ignorance of mankind as to their uses, and for ages more but little attention was given to remedies for the peculiar afflictions of woman, who was looked upon and treated as a slave by lordly, and then brutal man, and her suffering regarded with beastly indifference. In later times, science and Christian philanthropy have come to her relief, devising remedies for her peculiar weaknesses, which have been combined in Dr. Pierce's Favorite Prescription, a remedy that cures the pains, aches, nausea, displacements, wasting and debilitating afflictions to which she is constantly exposed. "Favorite Prescription" is the only medicine for women, sold by druggists, under a positive guarantee from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years.

## An Explanation.

What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word malaria was comparatively unknown,—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and malaria are intended to cover what our grandfathers called biliousness, and all are caused by troubles that arise from a diseased condition of the liver which, in performing its functions, finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Biliousness, Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

## Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21—aw 6-1

POLITICAL. REPUBLICAN STATE TICKET. For Congress, H. F. BARTINE, Of Ormsby County. For Justice Supreme Court, M. A. MURPHY, Of Esmeralda County. For Presidential Electors, A. C. CLEVELAND, EUGENE ROBINSON, Of White Pine County. G. F. TURBITTIN, Of Humboldt County. For State University Regents, (Long Term.) T. H. WELLS, of Ormsby, H. L. FISH, of Washoe, (Short Term.) E. T. GEORGE, of Lander.

PLATFORM AND RESOLUTIONS. The Republicans of the State of Nevada in convention assembled again express their loyalty to the principles of the Republican party, which have made the country so great and prosperous during the last quarter of a century. Resolved, That the question of a sufficient supply of a circulating medium to maintain a permanent range of the price of labor and property is the most important political question awaiting solution by the American people. Resolved, That a diminishing quantity of money reduces the price of labor and property, increases the obligation of contract, enriches the creditor, impoverishes the debtor, and paralyzes industry and enterprise. Resolved, That the present financial system of the United States, which increases or diminishes the circulating medium at the pleasure of the manipulators of the National bank, without regard to the increase of population or the wants of the people, and which recognizes gold alone as the standard of value, and places in the hands of the Treasury Department all the revenue of the Government to speculate with in bonds and loan to National banks without interest, is subversive of the rights of the people, oppressive, unjust, and should be repudiated. Resolved, That a financial policy whereby both gold and silver shall form the basis of circulation, whether the money used by the people be coin, or in certificates redeemable in coin, or both, as convenience may require, is imperatively demanded. Resolved, That the attempt to substitute National bank notes, costing the Government millions of dollars annually, for free silver, costing nothing, is an outrage upon the people; that the money ring or trust, which has usurped the sovereign power of the Government to issue money, and which has fraudulently demonstrated silver and seized the revenues of the Government for private speculation, shocks the sense of the people and destroys respect for Government and law. We demand that this ring or trust be destroyed and equal rights restored to all people. Resolved, That we charge that President Cleveland is the willing tool and agent of a powerful money ring which fattens the subsidies of the Government, makes war on silver, issues its paper currency at the expense of the Government, borrows the revenues raised by taxation, and uses them without the payment of interest, contracts the currency to enhance the value of bonds, and enriches the usurers while it depresses the price of labor and property. Resolved, That we favor the nomination of no man for President who is personally interested in National banks or the bonded indebtedness of the United States, and that we demand a candidate who is free to do justice to all the people of the country—the poor as well as the rich. Resolved, That the policy of the President and his advisers, which they prevented a bill in the House of Representatives on the Beck silver amendment to the Bond purchasing bill, equals the villainy of the secret and fraudulent demonetization of silver in 1876. Resolved, That we are in favor of the protection of home industry, and that the laborers of this country have a right to all the work required to supply the people of the United States, and that we are in favor of high wages in this country, and to that end will protect the wage-workers competition with the cheap labor of other lands. Resolved, That the policy of the Government should be inaugurated and established by the people through their representatives in both Houses of Congress, and not by the President or the money trust, of which he, either as agent or head, is most active in defending. Resolved, That we charge President Cleveland with violating every promise he made in favor of civil service reform, with crippling the mail services, with refusing to sign necessary bills for the improvement of rivers and harbors, with using the power of his Administration to prevent appropriations for navy and coast defense, with attempting to destroy the protective tariff, with courtting the good will of other nations at the expense of the citizens of the United States, and with joining the foreign holders to debase silver and destroy the industries of our country, and for the reduction of wages of the Mint employees at Carson for closing the Carson Mint when it was only self sustaining but a source of revenue to the Government, for his contemptuous veto of pension bills for the relief of disabled soldiers and sailors, and for failing to construct the Government building at Carson as required. Resolved, That we favor the absolute exclusion of Chinese, and the restriction of immigration, by which the present overcharged condition of the labor market is made worse, and also favor legislation by which a revision of our naturalization and land laws may be accomplished. Resolved, That we demand, in behalf of our various industries, the retention of the duties on lead, borax, soda, hides and leather, and to restore the tariff of 1867 on wool. Resolved, That we recognize the right of labor to organize for the lawful protection. Resolved, That we favor the subordination by the Legislature to the people of an amendment to the Constitution giving the Legislature the power to regulate the liquor traffic. Resolved, That we favor liberal appropriations by Congress for hydrographic and topographical surveys in this State to the end that the water waters may be preserved for the purpose of irrigation. Resolved, That we endorse the wise and conservative administration of Governor C. O. Stevenson, and we heartily commend the able efforts of Senators Stewart and Jones and Representative Woodburn in behalf of the interests of the people of this State. Resolved, That we favor the granting to Nevada of all Government land within the State for the purpose of providing means for irrigation and other improvements. Resolved, That we favor the reduction of the Treasury surplus by the payment of pensions to Union soldiers, their widows and orphans, the improvement of rivers and harbors, the building of defenses for our seacoasts, the erection of public buildings, the creation of a navy, the release of bonds and the repeal of the internal revenue laws taxing tobacco. Resolved, That it is the duty of the State to maintain free non-sectarian schools in the rural and sparsely settled districts as well as in towns and thickly settled sections, and that such a division of the school money should be made as will furnish the means of education to all children in the State. Resolved, That we are in favor of re-opening the Carson Mint for coinage, and raising the wages of its employees to the standard paid by the last Republican Administration. Resolved, That we demand the restoration of the mail service in this State to the efficiency maintained by the last Republican Administration, and favor the payment of fair wages to all postal employees.
